

PROGRAM REVIEW COMMITTEE (PRC)

Spring 2016, May 24, 2016

Andrew LaManque met with representatives of the Kinesiology Division (Katy Ripp; Lauren Hickey; Don Mac Neil; Barbara Shewfelt; Mike Teijeiro; Warren Voyce, Elizabeth Hunter (Div Admin)) on May 16 (including the Acting Dean Simon Pennington).

The faculty representatives wish to have separate program reviews for each degree or certificate that is offered.

The PRC's recommendation to PaRC last fall that combined Kinesiology (ADT) and Athletic Injury Care (AS) into one comprehensive program review for 2015-16 was not communicated to the division – both Kinesiology (ADT) and Athletic Injury Care (AS) completed an annual program review in 2015-16.

Recommendation:

PRC recommends that the “Red” rating for Kinesiology (ADT) and Athletic Injury Care (AS) for 2015-16 be removed and each program complete a comprehensive program review following the cycle listed below.

Kinesiology (ADT) (new in 2014) - Comprehensive due in 2016-17

Athletic Injury Care (AS) - Comprehensive due in 2016-17

Dean – Kinesiology / PE “Division” Programs – Comprehensive due in 2016-17

Personal Trainer (New Certificate) – Comprehensive due in 2017-18

Physical Education (AA) – Comprehensive Completed 2015-16

Adaptive Fitness Therapy (program not active)

Athletics (Student Services) – Comprehensive Completed 2015-16
