

CCC COMMUNIQUÉ

DECEMBER 9, 2014

NEWS & ANNOUNCEMENTS:

- ❖ **ASCCC Plenary Resolutions:** Fall Plenary has a number of resolutions regarding curriculum that are very timely for us and worth the time to read. Good news is they're rather short and get to the point. They're all important, but of particular interest are: **9.03**-Reinstating Local Approval of Stand-Alone Courses, **9.06**-Update the paper "The Course Outline of Record: A Curriculum Reference Guide", **9.09**-Development of a Curriculum Platform, and **9.11**-Formalizing Model Curriculum (which discusses reciprocity for the ADTs)
- ❖ **New Course Proposal Form Update:** Now that the form has been used for over a year, CCC discussed the success of the form and made some adjustments. We've removed some fields and added others that better speak to information regarding the purpose and intent of the course as it relates to our overall curriculum. The new form will be available on the Curriculum web page shortly.

REMINDERS:

- ❖ **Upcoming Curriculum Due Dates:**
 - **3/1/15** for Curriculum Sheets for 2015-16
 - **6/19/15** for Course Outlines for 2016-17 (Summer start)

HAVE A WONDERFUL HOLIDAY BREAK!
SEE YOU IN JANUARY.
