- ❖ **Checklist of Topics for Cross-listed Courses:** CCC has created a helpful list of topics for faculty to consider when discussing cross-listing courses or creating a new course with the intention of cross-listing. The checklist will be available on the CCC website soon—in the meantime, to obtain a copy, please check in with your Curriculum Reps.
- ❖ **Academic Adjustments for Students with Disabilities:** CCC is beginning conversation with the intent to draft a policy to assist students who require academic adjustment due to a learning disability. This issue encompasses multiple situations and student populations, and the hope is that a broad policy will be adopted, campus-wide. If you would like to be involved in the conversation and creation of this important policy, please contact your Curriculum Reps.
