❖ **State Approval Received:** We recently received state approval for the Certificate of Achievement in Music History & Literature, which was initially approved by the CCC in 2013. This certificate will replace the existing Certificate of Proficiency. Congratulations to the Music department!

❖ **Non-transcriptable Certificate Approval Process:** CCC has started discussing the creation of a formal policy and process regarding local approval of non-transcriptable certificate programs, which are not submitted to the state for approval. We welcome your suggestions—please contact your CCC Reps to share any feedback you have on the topic.

❖ **Equity Across Curriculum:** Our CCC Responsibilities policy (which can be found on the CCC Policies & Resolutions webpage) includes the requirement that division curriculum committees "review curricula with faculty for student equity considerations..." CCC has begun to discuss how divisions put this responsibility into practice, with the goal of documenting such practices. Please contact your CCC Reps to share your thoughts and suggestions.
