

Foothill College
Integrated Planning and Budget Task Force

September 8, 2010

Notes

Members:

Dolores Davison	Gigi Gallagher	Richard Galope	Darya Gilani
Kurt Hueg	Judy Miner	John Mummert	Rose Myers
Ashley Oropeza	Eloise Orrell	Phyllis Spragge	Denise Swett
Shirley Treanor	Chris White		

Discussion:

- Judy Miner thanked the task force for assessing the first year of the new governance structure and passed around a flow chart which summarized the ideas for restructuring. She described that she saw the Strategic Initiative Planning committees as overlapping with departments and sharing common themes as the Core Missions. For example, the Basic Skills committee has been working toward the same themes as Putting Access Into Action, Promoting a Collaborative Decision-Making Environment, and Building a Community of Scholars.
- Eloise noted that the work groups which would have the three returning SIP groups within them would be active working bodies, with a well-planned annual calendar.
- Dolores asked that returning members be given the chance to select first which Core Mission workgroup they are placed on.
- Some suggestions on the flowchart were given to the group. One addition the group agreed on was to add the ESMP version 1 as the base of the flowchart and the upcoming version 2 as the product at the top.
- Darya noted that there will be less meetings this way, since the core mission groups meet monthly.
- There was discussion about which days worked best for the core mission groups and OPC to meet. Ashley Oropeza noted that the student leaders are unable to meet on Tuesdays at 1:30. Judy said that Core Missions are to meet on Tuesday at 2:30.
- Judy wishes to present these ideas to PaRC at the first meeting, October 6.
