November 2014

Accounting Technology/Technician and Bookkeeping

A program that prepares individuals to provide technical administrative support to professional accountants and other financial management personnel. Includes instruction in posting transactions to accounts, record-keeping systems, accounting software operation, and general accounting principles and practices.

Target Occupations‡

Tax Preparers (13-2082)

Billing and Posting Clerks (43-3021)

Bookkeeping, Accounting, and Auditing Clerks (43-3031)

Gaming Cage Workers (43-3041)

Payroll and Timekeeping Clerks (43-3051)

Brokerage Clerks (43-4011)

Statistical Assistants (43-9111)

‡Based on EMSI crosswalk of the Classification of Instructional Programs (CIP) codes with Standard Occupational Classification (SOC) codes as published by the U.S. Department of Education.

In 2014, the number of accounting technology jobs in the target occupations in Santa Clara and San Mateo Counties totaled 19,629. The Bureau of Labor Statistics (BLS) expects the total number of positions to increase by 5.5% over the next three years. Regional openings in 2014, which included created jobs and turnover, totaled 625. Completions in accounting technology programs totaled 406 from ten institutions, with an additional 66 completions from other related programs. These additional programs are linked to multiple occupations and not all those who complete will enter the target occupations indicated in this report.

55-64 Years	3,596	18.3%	
65+ Years	1,363	6.9%	

Industries Employing Accounting Technology Occupations

A number of industries in Santa Clara and San Mateo Counties employ those trained in accounting technology and its related occupations. The following table represents a regional industry breakdown of the number of accounting technicians employed, the percentage of accounting technology jobs employed by industry and the percentage accounting technology jobs represent within all jobs by each industry. While certified public accountants employed 5.6% of all regional accounting technicians in 2014, accounting technology and its related occupations represent roughly over one-sixth of the total jobs in other accounting service (17.5%).

Inverse Staffing Patterns (Regional)

Top Five Industries	Occupation Group Jobs in Industry (2014)	% of Occupation Group in Industry (2014)	% of Total Jobs in Industry (2014)
Offices of Certified Public Accountants (541211)	1,099	5.6%	17.5%
Offices of Physicians (except Mental Health Specialists) (621111)	700	3.6%	4.5%
Local Government, Excluding Education and Hospitals (903999)	647	3.3%	1.7%
Corporate, Subsidiary, and Regional Managing Offices (551114)	646	3.3%	4.0%
Office Administrative Services (561110)	515	2.6%	8.3%

Compatible Occupations for Accounting Technology

Individuals completing an accounting technology program share many skills and abilities with other occupations. The Occupational Information Network (O*Net) identifies compatible occupations based on an analysis of overlapping knowledge, skills and ability. Additional education required for transition can range from short on-site training to advanced post-secondary degrees. The following tables show how much education might be needed to be employed in these compatible occupations.

Top Ten Compatible Occupations for Accounting Technology: Associate's or Less

Rank	Occupation	Median Hourly Earnings	2014 Jobs	2014-2017 Change	2014-2017 Estimated Annual Openings
1	Bookkeeping, Accounting, and Auditing Clerks	\$22.97	15,065	763	302
2	Insurance Claims Clerks	\$18.64	1,577	(27)	31
3	Medical Secretaries	\$21.15	4,916	366	138
4	Payroll and Timekeeping Clerks	\$24.98	1,662	82	49
5	Bill and Account Collectors	\$23.15	2,406	157	93
6	Billing, Cost, and Rate Clerks	\$21.88	3,766	250	117
7	Brokerage Clerks	\$26.15	328	14	10

9	Office Clerks, General	\$18.66	24,992	1,081	678
10	Receptionists and Information Clerks	\$17.10	8,363	397	275

Data Sources and Calculations

State Data Sources

This report uses state data from the following agencies: California Labor Market Information Department

Institution Data

The institution data in this report is taken directly from the national IPEDS database published by the U.S. Department of Education's National Center for Education Statistics.

Completers Data

The completers data in this report is taken directly from the national IPEDS database published by the U.S. Department of Education's National Center for Education Statistics.

Occupation Data

EMSI occupation employment data are based on final EMSI industry data and final EMSI staffing patterns. Wage estimates are based on Occupational Employment Statistics (QCEW and Non-QCEW Employees classes of worker) and the American Community Survey (Self-Employed and Extended Proprietors). Occupational wage estimates also affected by county-level EMSI earnings by industry.

Staffing Patterns Data

The staffing pattern data in this report are compiled from several sources using a specialized process. For QCEW and Non-QCEW Employees classes of worker, sources include Occupational Employment Statistics, the National Industry-Occupation Employment Matrix, and the American Community Survey. For the Self-Employed and Extended Proprietors classes of worker, the primary source is the American Community Survey, with a small amount of information from Occupational Employment Statistics.

Industry Data

EMSI industry data have various sources depending on the class of worker. (1) For QCEW Employees, EMSI primarily uses the QCEW (Quarterly Census of Employment and Wages), with supplemental estimates from County Business Patterns and Current Employment Statistics. (2) Non-QCEW employees data are based on a number of sources including QCEW, Current Employment Statistics, County Business Patterns, BEA State and Local Personal Income reports, the National Industry-Occupation Employment Matrix (NIOEM), the American Community Survey, and Railroad Retirement Board statistics. (3) Self-Employed and Extended Proprietor classes of worker data are primarily based on the American Community Survey, Nonemployer Statistics, and BEA State and Local Personal Income Reports. Projections for QCEW and Non-QCEW Employees are informed by NIOEM and long-term industry projections published by individual states.
