Item #	Description	Responsible	Completed
6.5.7	Plant Services is currently in the process	F. Nunez	6/20/08 In
	of writing a Business Plan for a		Progress
	permanent sustainability position. A job		
	description will need to be written and		
	then HR will need to classify the job. F.		
	Nunez expects to fill the position in Oct-		
	Nov. approximately. Funding is		
	available for two years and then the		
	position should create its own funding.		
	6/20/08 C. Thunen would like to work		
	with F. Nunez during August/September		
	months to assist with this effort.		
	F. Nunez and C. Thunen to work		
	together to make this happen.		
	8-9/08 F. Nunez indicated that funding was no longer available for C. Thunen		
	to assist with this effort.		
6.5.9	Sustainable practices - Fresh & Natural.	M. Casey/C. Thunen	In Progress
0.5.7	The food services vendor has switched	Wi. Casey/C. Thunch	III I Togress
	to environmentally friendly food		
	containers (biodegradable), is		
	purchasing organic fruits and vegetables		
	and has visited De Anza to see other		
	practices they can adopt. Vendor is		
	working to be more sustainable. Metrics		
	sheet(s) need to be filled out and data		
	monitored.		
6.5.10	Waste diversion: 10/31/08 With single	F. Nunez	In Progress
	stream recycling through Los Altos		
	Garbage, can any metrics be reported?		
	Waste diversion for construction &		
	renovation projects are being captured.		
6.20.2	Water Use Reduction – Landscaping	F. Nunez/B. Visas/F.	In Progress
	and ADA access will be implemented	Niccoli	
	under Measure C.		
	Goals:		
	1. Well water will replace domestic		
	water use. 2. Irrigation will be tied to a		
	2. Irrigation will be tied to a weatherhead to alleviate		
	weathernead to an eviate watering during rain.		
	3. Existing trees are long past their		
	life expectancy. Many are		
	diseased or decaying and must		
	be removed. (Exception Library		
L	ov removed. (Exception Elorary		1

	\\T		
	area.) New trees should be "native" and require less water. 4. Grass areas, knolls, allow substantial water runoff. Suggestion during Measure C to use more native planting areas and slowly reduce grass areas. 5. "Metropolitan areas" outside of Division offices could be landscaped to reduce water as well. 6. Landscape by all buildings will be removed. Deep planters are safety hazards to pedestrians and wheelchairs alike. The planters will be filled in. A recommendation for backfilling the areas is needed. No more ivy which will discourage rats. Action: F. Nunez to review above recommendations with the Admin Council to get buy-in. Both the Buildings and Grounds Committee and the Sustainability Committee		
	need the Admin Council to endorse issues from these two committees		
	and include them in Campus ethics and priorities.		
6.20.3	Organic Garden – C. Thunen has	M. Casey/C. Thunen	In Progress
	discussed the issue with OH, as unit		
	credit for their student involvement. M.		
	Casey suggested non-credit class for		
	students and community, but must be		
	discussed with D. Swett (she is in		
	charge of non-credit curriculum). Name		
	change suggested from Community Garden to_Sustainable or Organic		
	Garden. F. Nunez suggested the land		
	behind the ETS trailers, 5,000-7,000 s.f.		
	of land. Implementation would need to		
	be done as a project, with drawings,		
	specs, etc.		
	(Waterline, fencing, underground		
	fencing as rodent deterrent, soil		
	enhancement, Cost Estimate, etc.)		
	Benefits:		

- 1. Utilize Vet-tech animal manure as fertilizer/compost.
- 2. Compost decaying vegetables grown on site as well as food prep wastes from Fresh & Natural and coffee grounds from KJ Café.
- 3. Product could be sold in conjunction with on-site Farmers Market
- 4. A percentage of the product could be given to a local Food Bank
- 5. Demos a sustainable ecosystem project

10/9/08 The entire meeting was dedicated to reviewing the issues with an organic garden. The location was changed to the other side of the hill from KCI. C. Thunen will work on a business plan (policies and procedures). It looks like the OH department will participate in the development and operation. F. Nunez will work on a design layout. Layout should be available within 2-3 weeks for the Committee to review. Layout to include aisle ways large enough for wheelbarrows, water line, composting area, fencing. The hillside will require terracing. We will work on garden implementation through winter with our first planting target to be spring '09. People who indicated they would like to participate on opening day will be contacted to work on the garden as a subset of the Sustainability Committee.

10/31/08 F. Nunez brought sketch of potential garden space and a list of issues to be addressed.
(Attached). The location will be on the backside hill from KCI. This project will be further developed in a break out session. Contact C.

	Thunen if you would like to work with this sub-committee. S. Connell thought there might be an opportunity for a class to participate in the tiered structure/production of the garden.		
6.20.4	Farmers Market – C. Thunen has been talking with Pacific Coast, Urban Village, and California Farmers' Market Association. A survey will be taken in the Fall to see if this is something we want to pursue. Action: Need write up and Admin Council approval. Benefits: Urban Village would consider a small scholarship. Great PR value to the community. Saves time and gas for faculty/staff/students to buy locally. Location and parking is an issue. Any use of the parking lots must be reviewed and discussed with the Police Department since they are dependent on parking fees for the operational revenue. 10/31/08 Survey to be conducted. This project will be developed in a break out session. Contact C. Thunen if you would like to work with this subcommittee.	C. Thunen	In Progress
10.31.1	The Committee participated in a field trip to a Sustainable Green "Trade Show" in Redwood City during the summer. One of the products was a 'Big Belly' solar trash compactor. K. Smith has discussed a lease to own program with the vendor and at the very least, an onsite loaner for a few days to try it out. The units are approximately \$4,500 new. This reduces maintenance effort of having to empty trash cans as often. We would like to locate one near the Campus Center dining area. The units are used throughout various cities and airports. F. Nunez committed to the lease funding. Action: K. Smith to work out the details and obtain a proposal from the vendor, work with	K. Smith	In Progress

	Maintenance to get the unit here.		
10.31.2	One-sided office paper has been picked	K. Smith	On-going
	up by the Transition to Work Students		
	managed by K. Smith. 1,100 sheets		
	were picked up (approx 2 reams of		
	paper) and taken to the Print Shop for		
	binding. The TWS team has another		
	22,000 sheets for binding. <u>Pads</u> will be		
	distributed to college departments for		
	scratch paper, etc. K. Smith was		
	concerned about the cost charged for		
	binding. B. Visas has talked with the		
	Print Shop Supervisor (D. Cohn		
	10/31/08) and the charge will be		
	returned and no further charges will be		
10.31.3	applied.	V C:41./D C	I., D.,,,,,,
10.31.3	Borrow a Bike Program: K. Smith suggested implementing a bike program	K. Smith/R. Cormia	In Progress
	for students & staff, where bikes could		
	be leased or rented, encouraging people		
	to leave their vehicles home which		
	morphed into the VTA bus passes and		
	the need for a transportation survey.		
	1) Our Campus is not bike friendly		
	yet. One of the Measure C		
	projects is to build bike lanes.		
	Until this has been completed		
	and we have a safe environment		
	for bike riding, we should not		
	pursue a Bike Program.		
	2) R. Cormia will be		
	implementing a		
	Transportation survey. S.		
	Connell suggested having		
	representatives count the number		
	of people at each of the 3 bus		
	stops at specific hours to get an		
10.21.4	accurate count of bus riders.	D. Ci-	TT-1.1
10.31.4	ISO 14000: R. Cormia This effort will	R. Cormia	Hold
	be put on hold until the Sustainability Management Plan has been developed.		
10.31.5	Single Stream Signs for Garbage Cans	M. Casey/C. Thunen	In Progress
10.51.5	have finally arrived from Los Altos	1v1. Casey/C. I fluffell	111 1 1051035
	Garbage Company. C. Thunen and M.		
	Casey will be making sure the signage is		
	put on the cans in the very near future.

	1		
	If you can assist them, please give them a call. 11/3/08 C. Thunen and J. Carr affixed 10 Single Stream signs to recycling cans near Admin and the Library. Garbage Only signs were also affixed to trash cans. Concern is that it is difficult to standardize on which are for trash and which are for recycling. Additional signage will be posted after we allow for any suggestions, comments, and feedback from the		
10.31.6	Single Stream signs posted today. Sustainability Policy must be developed, reviewed with the Roundtable and signed off by the College President. This document will be part of the Sustainability Management Plan. This is a priority. B. Visas to schedule meeting within the next 2 weeks to begin a draft.	B. Visas/R. Cormia/F. Nunez/ K. Smith	In Progress
10.31.7	A Sustainability Management Plan (SMP) must be completed by June 09. If you are interested in helping draft this document please contact B. Visas. We will be modifying the De Anza SMP (with their blessing) for our use. We may want to consider using the STARS tracking system. We will focus on 7 primary areas and Action Plans with a Do & Document Philosophy. The areas are: 1) Green Building Construction/Renovation – B. Visas 2) Community & Civic Engagement – C. Thunen 3) Hazardous & Solid Waste Reduction – F. Nunez 4) Energy Conservation & CO2 Reduction – R. Cormia 5) Water Use Reduction & Control Ecological Responsible Landscape – F. Niccoli in conjunction with the Landscape Architects for Measure C project 6) Transportation – R. Cormia 7) Procurement – We are looking for someone to begin working with Procurement to implement	B. Visas/R. Cormia/F. Nunez/K. Smith	6/09

	greener processes and specifications. (For example specifying and purchasing only Energy Star Appliances, etc.) Please let B. Visas know if you would be interested in this position. You would need to document efforts, monitor and report results.		
10.31.8	Campus Volunteer Opportunities 1) Daffodil bulb planting at the Gymnasium sign hillside on Saturday, November 8, 2008. Contact A. Horng for more information. A. Horng will contact F. Nunez to make arrangements to borrow tools from the Grounds Department. 2) Native Plant Garden at Parking Lot 5 11/2/08, 11/15/08, 11/30/08 from 9:00 – 1:00 p.m.	A. Horng (ahorng@gmail.com)	11/08/08
10.31.9	Recycling Analysis will be done by G. Schultz class. G. Schultz can also assist in bus rider surveys, etc. Contact her if you need her assistance.	G. Schultz	In Progress
10.31.10	Next Meeting: Monday 11/24/08 3:00 – 4:00 p.m. Presidents Conference Room, Building 1900	Team	Information
