

Proposed Vision Statement

Our vision is a future where students from our community form a sense of belonging and agency to thrive in Silicon Valley and beyond.

05.03.2024

How we got here...

Team recommendation

[Our vision is a future] where students from our [community] form a sense of [belonging] and [agency] to thrive in [Silicon Valley and beyond].

Team recommendation

Based on previous group discussion: If Foothill did community right, students will have a sense of belonging.

Team recommendation

Alignment with “Life of inquiry” in mission statement: If FH did life of inquiry right, students would be curious, adaptable, flexible, pursue knowledge—to be concise and aspirational (per vision rubric), selected the word “agency.”
