Credit for Prior Learning

Credit for Prior Learning may be obtained by one of the following methods:

- Achievement of a score of 3 or higher on an Advanced Placement Examination administered by the College Entrance Examination Board (see AP 4236 Advanced Placement Credit).
- Achievement of a score that qualifies for credit by examination in the College Level Examination Program.
- Credit by satisfactory completion of an examination administered by the college in lieu of completion of a course listed in the college catalog.
- Achievement of an examination administered by other agencies approved by the discipline faculty.
- Assessment approved or conducted by the discipline faculty of the college.

Credit may be awarded for prior experience or prior learning only for individually identified courses with subject matter similar to that of the individual's prior learning, and only for a course listed in the catalog of the community college. Award of credit may be made to electives for students who do not require additional general education or program credits to meet their goals.

Credits acquired by assessment shall not be counted in determining the quarter hours in residence required by the associate degree.

Credit by Examination (challengeable courses)

1. Discipline faculty, through the college's established curricular processes and procedures, shall determine if a course is eligible for credit by examination.
2. A list of all courses eligible for credit by examination shall be maintained by the Office of Instruction and included in the College Catalog.
3. The nature and content of the examination or other cumulative assessment shall be determined solely by the faculty in the discipline that normally teach the course for which credit is to be granted. The faculty shall determine that the examination or other cumulative assessment adequately measures mastery of the course content as set forth in the course outline of record (Title 5, 55050 (c)).
4. The faculty may accept an examination or other cumulative assessment conducted at a location other than the community college for this purpose (Title 5, 55050 (c)). (For example, standardized exams regulated or prescribed by the State of California for specific occupational areas, etc.)
5. The student's academic record shall be clearly annotated to reflect that credit was earned by assessment of prior learning (Title 5, 55050 (f)).
6. Grading shall be according to the regular grading scale approved by the governing board (Title 5, 55023) except that a student shall be offered a pass/no pass option if that is ordinarily available for that course. (Title 5, 55050 (g)).
7. A student who earns credit by examination for a particular course shall not be allowed to subsequently earn credit by exam for any other course that normally precedes that course in a pre-requisite sequence.
8. Units earned by credit by examination shall not be counted in determining the quarter hours in residence required by the associate degree (Title 5, 55050 (g)). Units earned through credit by exam are not considered for Financial Aid, Scholarship, or Veteran Services eligibility and payments.
9. Registration and fees: Students will be registered for the course. Students who take the examination or cumulative assessment must pay a fee for service equal to the usual per unit enrollment fees for the course, but exclusive of any fee-based supplies. Fees for credit by examination are non-refundable. (Title 5, 55050 (i)).

Advanced Placement Examinations

The faculty shall accept Advanced Placement examinations for general education credit (Education Code, Section 79500).
