Reader Feedback	N/A	N/A	It is interesting to note the paid wages as a Dental Assistant when compared to the living wage in the Bay Area. This definitely has an impact in enrollment and graduation rates, especially for students 20-40 years old. A students' personal living situation is a factor when it comes to enrollment and completion success. A paid apprenticeship opportunity may provide a temporary relief for student to keep learning and earn from their time invested in the program.	N/A
