

How to become a tutor?

Pass the Torch Tutors are selected by their instructors who use their professional judgement about student's content knowledge, communication skills, and classroom demeanor. Pass the Torch solicits these referrals directly from the instructors and each quarter Pass the Torch contacts students directly. Additionally, students who become tutors will need to attend the New Tutor Orientation and enrolled in the required Tutor Training course. See the schedule below:

Tutor Training Spring 2023 Class Schedule

Tutor Training begins week 2 and ends week 11 of the quarter.
