# Product Highlights

## Metadata management

Multi-schema and multi-format support including support for linked data and BIBFRAME

## Streamlined workflows

Automated and exception-based workflows with dynamic notifications

## Standard compliant

Continually updated to support and promote open standards and initiatives

## Mobile-ready

Alma mobile app frees you to “leave your desk” while getting the job done

## Monthly releases

New services regularly updated to support modern library needs

## Unified

Management of digital and electronic resources is unified with shelf management and automated storage integration within a single system

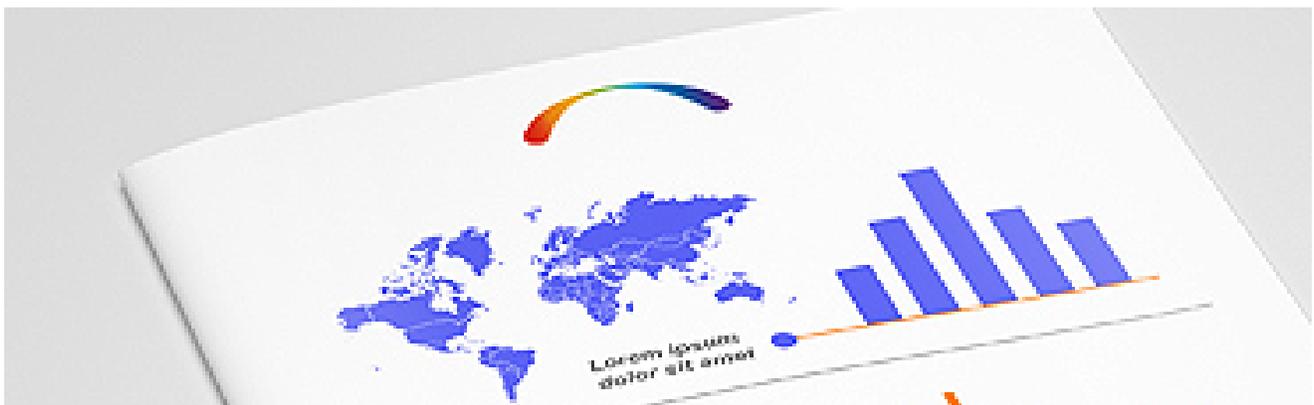

English

“We’re seeing more collaboration between various departments and a lot of that has to do with the way workflows are structured in Alma.”

Ian Chan, California State University San Marcos
