INNOVATION ✳ ACHIEVEMENT ✳ SUCCESS

A Program with a Purpose

The **Professional Learning** program at Foothill is a top college priority. We are facing so many challenges with student equity, technology, accreditation, Generation Z students, returning veterans, and more, and we believe it is important to provide ongoing learning opportunities and resources to support Foothill faculty and staff to effectively support student learning.

The program a robust calendar of locally-developed workshops and events, and includes funds for conference travel and participation - all designed to support the continuous development of knowledge and skills for the Foothill campus community. Our programs are open to all FHDA district employees.
