

Winter 2023 Workshops

This week

Every Wednesday at noon: Canvas Basics with Lené

[Zoom link](#)

Join your colleagues to explore Canvas! We will discuss effective practices for using key Canvas tools and show examples of creative applications to achieve high student interactivity and engagement in your course.

Simple Syllabus: Make it Simple! Thursday 3/23 at 1pm with Amy and Allison

[Zoom link](#)

A uniform syllabus format is one way we can make student's access to course information simple (and equitable). In this hands-on workshop you will activate Simple Syllabus into your Spring quarter class and customize it to your specific course needs. We will provide examples of how Simple Syllabus can be used to market your course prior to the start of the quarter as well as to provide templated and customize information about your course.
