Dear Trustees:

You likely received an email last night from lawroom.com regarding sexual harassment and discrimination prevention training. As you may recall, a law, [Government Code Sections 53237, et seq.](#), went into effect in January 2017 that mandated two hours of such training for board members within six months of taking office and every two years thereafter. At that time, all of you, except Patrick, completed the training. Somehow two years have passed, and it is now time to repeat the training. We ask that you please find time before June 30 to complete the training and keep the district in compliance.

Thank you for all you do for the district.

Kindly,

Paula
