

## INTRODUCTION

The Office of Equity heard and reviewed campus feedback on the challenges experienced by students and approaches to equity to be considered in the construction of this plan. Additionally, past college equity plans were reviewed to help tell the history of thought and action at Foothill College. Feedback was consolidated with the asks from the various state initiatives and related theories on race and equity to help determine what issues to prioritize moving forward. Many of the suggested issues fell along a continuum of the student educational journey, which follows a similar framework employed by the California Community College Chancellor's Office Guided Pathways Initiative. This framework, referred to as the Loss/Momentum Framework<sup>20</sup>,

categorizes the student journey from initial interest in attending Foothill College, to enrollment and completion of courses, to progress and completion of their educational goal. Along each step in the pathway, the framework discusses loss points and momentum strategies to guide the college. Moreover, conversations about how the college models its equity values and practices with its own employees elicited ideas that could be categorized similarly.

This section will lay out demonstrated issues and visionary goals, empowering campus community members to determine their own actions that align with that vision, rather than as directives coming from the top down. These issues and goals are organized within this plan along the Loss/Momentum pathway of Connection, Entry, Progress, and Completion.
