

Community of Practice for Math 48A

Coordinators: Teresa Zwack and Zach Cembellin

Participants: Donna Finlay, Sumithira Sukumar, Yuh Ni, Lauri Papay, Taslima Rehman, Maria Tomutiu, Diana Uilecan

Meetings: Monday afternoons of the Fall 2018 and Fall 2019 quarters

Goals:

- Discuss and share instructors' instructional materials and teaching strategies for this new population of students
- Discuss and share instructional materials and teaching strategies that the coordinators collected from workshops given by the California Acceleration Project
- Discuss and share best practices for use of embedded tutors
- Provide moral support and problem solving for instructors as new situations arise

Outcomes:

- Relationships formed in the fall quarter continued to provide benefit throughout the academic year.
- Foothill College greatly increased access to Precalculus I without any significant change in success rate.
