**Department Name:** Student Activities

**Division Name:** Student Affairs and Activities, Student Services

**Program Mission(s):**

The mission of the Student Activities program is to provide campus-wide social development, leadership experiences and instruction that reinforce academic learning; prepare students for lifelong civic engagement, transfer and careers; promote appreciation of diversity; improve the quality of campus life and contribute to community building.

- Office Coordinator
- Secretary
- Accountant
- Outreach Assistant
Section 1: Data and Trend Analysis

Provide a short narrative analysis of the following indicators. Please attach supporting studies or data to the final program review submitted to your Dean/Director.

a. **Students served** (How was this tracked? What is the trend over the last 3 years?):

The following figures are based on quarterly averages from the last three years:

- 2010-11 / 2011-12 / 2013-14 (Summer to present, Fall 2013)
  - The overall trend is that student participation has increased.

**Quarterly Info:**
- 11,550 — Owl Cards Sold (Quarterly from 2011-12 thru Fall Quarter 2013)
- 2,000 — Students-at-large at campus events
- 800 — Cultural Heritage Month attendees
- 500 — Club Membership (50 clubs/Quarter, 3x/year)
- 300-75 — Ambassadors
- 50-75 — Leadership/Service Classes quarterly enrollment
- 75-100 — Student Government voting members and agents

**Annual Events:**
- 1,264 — New Student Orientation attendees *(Due to construction, not held in 2011)*
- 228 — Commencement Ceremony graduates
- 203 — “March in March” participants in Sacramento

This data was obtained via the following sources:

- _____ CCC Apply
- _____ Ask Foothill
- _____ Credentials
- _____ SARS
- ____ Other (Figures are based on registration rosters, at-site sign-ins, accounting documents, class registrations, surveys and head counts.)

b. **Demographics analysis:** (example: Is the ethnic breakdown of students you serve proportional to the general college ethnic distribution?) If not, please include possible explanations for the disparity.

Yes, we educate and serve, proportionately, a higher percentage of every ethnic group that is represented in campus clubs, student government, multicultural heritage month planning committees and events and the campus ambassador program. Sign-ins indicate that participation in Student Activities events surpass college demographic data.
c. Please describe services offered off campus and how the effectiveness of these services is assessed.

Middlefield: Multicultural Heritage Month events, Welcome Week, ASFC elections, legal counseling service. “March in March” in Sacramento, statewide conferences, such as CCCSAA, SSCCC, LLN, FACC, student representative leadership meetings, Breast Cancer Awareness, and Disability Awareness, are additional events offered. Assessments from students who attend “representative fee” events are provided by written reflection papers. Exit surveys and event assessments are used at other events.

Data for this area is based on services offered at the following locations:
1. ___X___ Middlefield
2. ______ CCOC
3. ___X___ Other (Community Service events, volunteering)

Staffing structure: Does the staffing structure meet the program or department’s needs?

Yes, and necessary positions have been added:
• Outreach Assistant
• Office Coordinator

Section 2: Core Mission Support and Student Equity
The College’s Core Missions are reflected below. Please respond to each mission using the prompts below.
a. Basic Skills
How does your service area support the basic skills needs students or programs? Please discuss current outcomes or initiatives related to this core mission and how those initiatives contribute to student equity and success in this core mission area.

The application of basic skills are used in hands-on leadership experiences such as public speaking/speeches at meetings, events, and campus tours. Math skills are used in student-managed businesses (ASFC Smart Shop/Design Center) and funding equity in budget development and finance management. Involvement outside the classroom leads to engagement and leadership. Students with learning needs, such as Transition-to-Work students, apply organizational and communication skills when working in our area.
b. **Transfer**
How does your service area support the transfer needs of students or programs? Please discuss current outcomes or initiatives related to this core mission and how those initiatives contribute to student equity and success in this core mission area.

Transfer success and leadership experiences outside the classroom go hand-in-hand. College transfer applications require documentation of leadership and service experiences. Student leaders transfer to the most competitive institutions such as UC’s, CSU’s, private, technical, and Ivy League universities. Experiences range from organization membership, to higher leadership roles that lead to academic, and real world success.

---

**c. Workforce**
How does your service area support the workforce needs of students or CTE programs? Please discuss current outcomes or initiatives related to this core mission and how those initiatives contribute to student equity and success in this core mission area.

Students develop the lifelong skills of: critical thinking, public speaking, leadership, teamwork, conflict resolution, interpersonal, organizational, goal setting, time management, budget development, and entrepreneurial. Students are provided a platform to apply basic, and workforce skills, in the ASFC Smart Shop/Design Center as well as support the campus Career Days. Students are hired for jobs that are related to their curricular, and co-curricular, learning and experiences.

---

**Section 3: Learning Outcomes Assessment Summary**

a. **Attach 2012-2013 Program Level SA- SLO** – Four Column Report for PL-SLO Assessment from TracDat, please contact the Office of Instruction to assist you with this step if needed.
## Comprehensive Student Services Program Review Template for 2013-2014

### Unit Assessment Report - Four Column

**Foothill College**  
**SA - Student Activities**

### Mission Statement:
The mission of the Student Activities program is to provide leadership experiences and instruction that reinforce academic learning; prepare students for civic engagement; transfer and careers; and promote appreciation of cultural diversity; improve the quality of campus life and contribute to community building.

### Primary Core Mission: Transfer  
### Secondary Core Mission: Workforce

Section 4: SLO Assessment and Reflection

Based on your assessment data and reflections, please respond to the following prompts.

a. How do the objectives and outcomes in your service area relate to the program-level student learning outcomes and to the college mission?

Consistent with student services and the college mission, Office of Student Activities bridges the gap between curricular and co-curricular learning by providing comprehensive services to students. Holistic college experiences in, and beyond, the classroom, contribute to student success and prepare them for real world experience. Skills learned, or enhanced, through Student Activities program, and participation in campus life, will increase transfer and career opportunities. Students are exposed to, or engage in, events, programs and services that allow them to interact with diverse populations. The students will be able to apply skills learned in a workforce setting.

b. If your service area has other outcomes assessments at the program level, comment on the findings.

Student feedback indicates a need for more comprehensive outreach. We plan to increase our outreach efforts to encompass greater campus participation.

c. How has your service area engaged in dialogue about student learning outcomes?

We meet regularly as a program staff and engage student leaders, who use our services, in dialogue about our student learning outcomes.

d. Analyzing your most recent annual program review, discuss any emerging trends related to SLO reflections and any action taken.

Based on student input, the Student Activities program will provide comprehensive outreach to the greater campus community in order to reach students who may not otherwise know about our program. With the upcoming EcoPass and higher traffic in ASFC Smart Shop, we plan to capture new students with opportunities for involvement in our program. We also plan to expand existing programs such as club and heritage month outreach and recruitment by targeting students outside the campus center facility and into the broader campus.
e. What summative findings can be gathered from the Program Level Assessments?

Student reflections by student participants who assess their learning in regards to communication skills, leadership and budget development, reflect that 90% of students indicated that their participation enhanced their ability to work in a group which leads to workforce preparation and student success.

We also gathered data based on registration rosters, at-site sign-ins, accounting documents, class registrations, surveys, and head counts. Scanning devices for ASFC Owl Cards are expected to be coming in March 2014 which will help in tracking the students involved in the program. This new data will help us to assess needs/outcomes from the larger student population.

Additionally, we would like to note that research has shown that our efforts to contribute to broaden the educational component recognizes the value of our “Beyond the Classroom” program, as reinforced by the following study: Association of College Unions International (ACUI ) The Bulletin, Vol 79, Issue 4, July, 2011 “Bridging the Gap: Linking co-curricular activities to student learning outcomes in community college students”

In our findings, we need to expand that value to the larger student body through more extensive outreach and marketing within the campus community.

---

**Section 5: Service/Program Goals and Rationale**

Program goals address broad issues and concerns that incorporate some sort of measurable action and connect to Foothill’s core missions, Educational & Strategic Master Plan (ESMP), the division plan, and SLOs. Goals are not resource requests.

a. List Previous Program Goals from last academic year: check the appropriate status box & provide explanation in the comment box

<table>
<thead>
<tr>
<th>Goal</th>
<th>Completed? (Y/N)</th>
<th>In Progress? (Y/N)</th>

Section 8: Student Equity and Institutional Standards

As part of an accreditation requirement, the college has established institution-set standards across specific indicators that are annual targets to be met and exceeded. Please comment on how these indicators compare at your program level and at the college level. (For a complete description of the institutional standard, please see the instructional cover sheet)

a. Institutional Standard for Course Completion Rate: 55%
Please comment on your program’s course success data, including any differences in completion rates by student demographics as well as efforts to address these differences.

b. Institutional Standard for Certificate Completion Number (Transcriptable): 325
Has the number of students completing certificates in your program held steady, or increased/declines in the last three years? Please comment on the data, analyze the trends, including any differences in completion rates by student demographics.

c. Institutional Standard for Transfer to four-year colleges/universities: 775
Based on the transfer data provided, what role does your program play in the overall transfer rates? Please comment on any notable trends or data elements related to your program’s role in transfer.
Section 9: Learning Outcomes Assessment Summary

a. **Attach 2012-2013 Program Level** – Four Column Report for PL-SLO Assessment from TracDat, please contact the Office of Instruction to assist you with this step if needed.

b. **Attach 2012-2013 Course-Level** – Four Column Report for CL-SLO Assessment from TracDat, please contact the Office of Instruction to assist you with this step if needed.

Section 10: SLO Assessment and Reflection

Based on your assessment data and reflections, please respond to the following prompts.

a. What curricular, pedagogical or other changes have you made as a result of your CL-SLO assessments?

b. How do the objectives and outcomes in your courses relate to the program-level student learning outcomes and to the college mission?

c. How have you used the assessment results of program-level student learning outcomes to make certificate/degree program improvements?
d. If your program has other outcomes assessments at the program level, comment on the findings.

e. How has your department engaged in dialogue about student learning outcomes?

## Section 11: Service/Program Review Summary

Address the concerns or recommendations that were made in prior program review cycles, including any feedback from Dean/VP, Program Review Committee, etc.

<table>
<thead>
<tr>
<th>Recommendation</th>
<th>Comments</th>
</tr>
</thead>
<tbody>
<tr>
<td>Improve demographic analysis, track students served, reach-out to broader student populations.</td>
<td>To enable efficient event registration and surveys that will increase student feedback and accommodate our goals to reach the broader campus population and respond to their needs and suggestions, we will be implementing student-tracking system by Spring quarter 2014. We also are planning to produce a newsletter to provide connectivity to the entire campus community.</td>
</tr>
<tr>
<td>Students need to report back after PaRC/Basic Skills meetings.</td>
<td>ASFC has committee reports weekly listed on their agenda and the students have an opportunity to report back to their constituents. In turn, ASFC posts their meeting minutes and agendas online and at a public location.</td>
</tr>
<tr>
<td>Student equity</td>
<td>Each heritage month in the original Heritage Month Series began as a consistent club with</td>
</tr>
</tbody>
</table>
an advisor, hosting a heritage week more than once. After multiple years consecutively, ASFC formally adopts the heritage month as a part of the Heritage Month Series. Many are national, or worldwide, celebrations. Each Heritage Month Planning Committee, with a student chair, submits a budget proposal presenting their event, program and services needs to the student government. All Heritage month events have built in audiences of classes (students at large) that are related to the topic. Instructors encourage their students to attend events that are related to the curriculum for extra credit and an average of 500 students attends the weekly college hour. All the events are open to the Foothill, and outside community.

a. After reviewing the data, what would you like to highlight about your program?

We consistently strive to maintain, and broaden our program to keep up with the current needs of the students, as well as with current trends. We produce and publish the only campus student handbook and calendar to inform everyone of co-curricular learning, and leadership opportunities, college contact information, and important dates.

Section 12: Feedback and Follow Up

This section is for the Dean, Student Affairs & Activities to provide feedback.

a. Strengths and successes of the program as evidenced by the data and analysis:

Events such as Heritage Months and Commencement are well attended, professional and shine an exceptionally positive light on Foothill College. They offer opportunities for students to engage outside the classroom and learn skills related to each of the college’s missions.

In a very brief period of time, the Campus Ambassador Program (CAP), a program in Student Activities, has attracted a significant number of students. The students are choosing to participate in training and volunteer at events with little to show beyond a hearty Thank You! from others.

b. Areas of concern, if any:
The lack of measurement and assessment methods continue to be a concern in the Student Activities area. What are we doing? Why are we doing it? How do we know if we are effective? Each of these questions needs to be asked on an annual basis. While research has shown the value of co-curricular activities in terms of retention, at Foothill College we have no specific data that affirms the impact on our students. Responses such as “The overall trend is that student participation has increased.” to the Data & Analysis prompt are not acceptable in the next cycle.

I continue to receive complaints about the cumbersome nature of student activities processes and procedures. Assigning “blame” to student leaders fails to consider that, as their advisers and mentors, we have the opportunity to lead by example. Are we appropriately asking students the purposes of their procedures? Have we led them to explore ways to improve communication and/or processes?

The leadership courses offered through the Student Activities Program in conjunction with Counseling and Business and Social Science divisions are not attracting sufficient enrollment INCORRECT STATEMENT to maintain staffing. There is a proposal at State level regarding a Certificate in Leadership – pending the outcome of that proposal there may need to be adjustments made to existing scheduling.

c. Recommendations for improvement:

Develop, issue and compile the results from a student activities program survey by May, 2014. Include in that survey questions regarding engagement, satisfaction and interest. Additionally, survey faculty and staff about their involvement with various activities to determine not only what they know about programs and services but also how we can more fully engage them in our offerings.

Review other college activities & leadership programs to determine if revisions to existing programs/offerings are in order. By September 2014, develop a comparison document that includes data on funding amounts (both campus-granted and student generated), number and type of campus funded staffing, curricular offerings & size of student population. Include a minimum of 10 California Community Colleges.

Recommended next steps:
- Proceed as planned on program review schedule
- Further review/Out of cycle in-depth review
This section is for the Vice President Student Services to provide feedback.

a. Strengths and successes of the program as evidenced by the data and analysis:

Foothill College is known state-wide for its extensive, robust student activities programs and for its highly involved student government. The addition of Health focused months with the Heritage Months will add additional leadership and educational opportunities for the students.

b. Areas of concern, if any:

I share the concern of stand-alone leadership classes without a state approved Leadership Certificate. Additionally, the State mandated Student Success and Support Program (3SP) does not prioritize leadership, as it does orientations, Student Education Plans (SEPs) and other retention and student success strategies.

The College priority is to assist students with developing SEPs and the faculty in SA would be an additional asset to this goal of providing more student counseling opportunities to develop plans.

c. Recommendations for improvement:

I support the recommendations for stronger methods to track student participation and satisfaction. I also think the department should undergo an evaluation of staffing, duties, areas of responsibilities as it relates to College priorities, changes in programs and services and funding support sources.

Additionally, it is critical to establish B Budget allocations for the new Adult Learner Support Program and the Community Ambassador Program, and to support partial funding of the college-wide new student orientation.

Recommended next steps:

- Proceed as planned on program review schedule
- Further review/Out of cycle in-depth review

Denise Swett, EdD
Vice President, Student Services
1/7/14
