❖ **Resolution to ... Support Faculty to Explore and Adopt OER:** At the October 19th meeting, CCC approved the Resolution to Explore Options to Leverage College Curriculum Processes to Support Faculty to Explore and Adopt OER. Created in conjunction with Academic Senate, the intent of the resolution is to raise awareness and hopefully increase the use of OER across campus, in part by making it easier for faculty to find OER resources. The resolution has been posted on [the CCC Policies & Resolutions webpage](#).

❖ **GE Subcommittee Membership:** Are you interested in being more involved with curriculum, but are short on hours? Serving on a GE subcommittee may be the perfect fit! We are in need of more volunteers to review GE applications. Even if you don't teach in a specific GE area, you can still serve on the subcommittee for that area. If you're interested or would like further information, please contact your CCC Reps, Eric, or Mary. We'd love to have you!

❖ **State Approval Received:** Over the summer, we received state approval for the following new programs, which were approved by CCC during spring quarter: two noncredit Certificates of Competency: English as a Second Language for College and Careers (High-Intermediate), and English as a Second Language for College and Careers (Advanced); AS Degree in Biochemistry; and two Certificates of Achievement: Cybersecurity, and Data Analytics. Congratulations to everyone who worked on these new programs!

❖ **ASCCC Fall Plenary:** CCC has shared the packet of resolutions that were discussed at the recent ASCCC area meetings, and the fall ASCCC plenary session will take place in early November. For a copy of the resolutions, and to engage in discussions with your colleges, please contact your CCC Reps.
