Keith Christman

#### Agenda items

1. ENGR 6 & ENGR 10 Action
  - Remove ENGL 110 / ESLL 125 advisory
  - ENGR faculty approved this change
  - STEM CC: advisory removal approved
  
2. C S 49 & NCBS 449 Action
  - Remove ESLL 125 / ENGL 209 advisory
  - CS faculty have approved this change
  - STEM CC: advisory removal approved
  
3. CHEM 25 & CHEM 1A Action
  - Remove ESLL 125 / ENGL 209 advisory
  - CHEM faculty have given permission to remove language advisories for all chemistry courses as they come up
  - STEM CC: advisory removal approved
  
4. C S 81 new course proposal Discussion / Action
  - Clarification of language in course description
  - CS faculty asked to change references to "Computer Science" in course description to "STEM"
  - STEM CC: language approved
  - This change also applies to MATH 83, CHEM 81, BIOL 81
  - STEM CC will align this language during the COR update before end of the '22-'23 academic year. STEM CC will solicit discipline faculty for these edits. During COR update, STEM CC will also add "Computer Science" to the discipline list on the CORs of the cross-listed STEM division courses. This action will be necessary as other STEM departments develop and approve a course to be cross-listed with these
  
5. MATH 2BL course description Discussion / Action
  - MATH faculty author submitted draft language for a complete course description

- STEM CC approved faculty author's course description

6. CHEM 81 & MATH 83 Discussion / Action

- Need to designate/verify TOP code
- STEM CC approved using BIOL 81 TOP code (0499.00 - Other Biological Sciences) for CHEM 81, MATH 83, and C S 81
