## GENERAL EDUCATION REQUIREMENTS

All General Education courses must be completed to earn the Paramedic Associate of Science degree. General Education courses are not required to sit for the required licensure in California. Due to the rigorous course load during the Paramedic Program, it is **strongly recommended** that all applicants seeking the AS degree, complete their General Education courses prior to beginning the program. If you have questions, please consult with a counselor.

There are 4 ways to satisfy the General Education Requirements, **choose one only**:

1. \_\_\_ AA or AS from a California community college (GE waived). **(Move on to the next page.)**
2. \_\_\_ BA or BS Degree from an accredited U.S. College or University (GE waived). **(Move on to the next page.)**
3. \_\_\_ You do not have a college degree as listed above, but you have completed all GE courses (attach CA Community College General Education completion certification from the college where you completed the coursework).  
**(Move on to the next page.)**

4. \_\_\_ You have not completed a college degree, but you have completed the following GE courses:

**If you indicated number 4 above, you must fill in the table below with the GE coursework you have completed to date or is in progress.** Please provide complete information in each category. See Foothill College Catalog & Paramedic Program Curriculum Sheet for help.

**If you indicated numbers 1, 2, or 3 above, leave this area blank and continue on to the next page.**

## TECHNICAL STANDARDS FOR THE FOOTHILL COLLEGE PARAMEDIC PROGRAM

The following statements identify the technical standards needed for the paramedic and for students enrolled in the Foothill College Paramedic Program.

The Paramedic/ student must possess sufficient strength, motor coordination and manual dexterity. Please answer the following questions.

Are you able to lift at least 125 pounds unassisted?	Yes	No
Are you able to stand, carry, balance, and walk on uneven terrain?	Yes	No
Are you able to stoop, kneel, climb, crouch, and crawl as needed to reach patients and safely remove/transport them?	Yes	No
Are you able to carry and utilize emergency medical equipment appropriately?	Yes	No
Are you able to communicate verbally to patients, physicians, nurses and co-workers?	Yes	No
Are you able to hear, understand and react quickly to verbal instructions and patient needs?	Yes	No
Are you capable of handling stressful situations related to technical and procedural standards and patient care situations?	Yes	No
Are you capable of providing physical and emotional support to the patient in the out-of-hospital setting and be able to set priorities for basic and advanced emergency care?	Yes	No
Are you capable of following directions effectively and working closely with members of the health care community?	Yes	No

If you cannot perform one or more of the technical standards identified above, you will have difficulty performing the jobs required of a paramedic. **Please explain any difficulties you might have.**

**PERSONAL STATEMENT** - Please take a moment to tell us about yourself, why you're are applying to our program, and what your future plans are in the EMS profession.

## BACKGROUND SCREENING POLICY AND PROCEDURE

To comply with JCAHO state and local regulations regarding background checks for healthcare providers, the Foothill College DMS, RSPT, RTT, PHT and RT program students will be required to undergo a background investigation. DMS, RSPT, RTT, PHT and RT program students must have clear criminal background checks to participate in placements in clinical facilities. The background check is not a requirement for admission to a program and will be completed after an invitation for admission is received. Background screening is required for registration in the clinical courses\*.

Background investigations must minimally include the following:

- Social Security Verification
- Criminal Search (seven years or up to five criminal searches)
- Employment Verification (last two employers)
- Violent Sexual Offender and Predator Registry Search
- HHS/OIG List of Excluded Individuals/Entities (<http://exclusions.oig.hhs.gov/search.html>)
- GSA List of Parties Excluded from Federal Programs (<http://epls.arnet.gov/>).
- Seven years history
- Address verification
- Two names (current legal and one other name)
- Three counties

These requirements may be expanded due to additional requirements, which may come from hospital/clinical facilities at any time.

Students may not be able to attend clinical facilities for felonies and some misdemeanors.

In addition, students may be denied access to clinical facilities based on offenses appearing on the criminal record, which may have occurred more than seven years ago.

Students must provide clinical facilities with information allowing the clinical facility (and school as necessary) access to the background check. If the student's record is not clear, the student will be responsible for obtaining documents and having the record corrected to clear it. If this is not possible, the student will be unable to attend the clinical portion of the program. If a student cannot complete the clinical training during the time it appears in the curriculum, a student may not be allowed to complete the program requirements.

If after reviewing the background screening, a clinical site determines that a student does not meet security standards, the student will be ineligible for mandatory clinical rotations and either be denied admission to clinical portion of the program. The school is not obligated to make special accommodations and will not find an alternative clinical site if there is a problem with a student's background screening. It is the responsibility of the student to provide/bring the background screening to the clinical site.
