

Nomination Statement for Amy Schidler, Fine Arts & Communication Division  
Submitted by Ché Meneses

Please consider this nomination for an outstanding Part-Time Faculty Member and Office of Online Learning Faculty Support Coordinator Amy Schidler.

Professor Schidler's contributions to our college include: exemplary support in online curriculum design; helping faculty envision the successful transition of face-to-face learning into the virtual space; and creating dynamic videos for community-wide distribution in the Office of Online Learning's Tuesday Tips.

Additionally, Amy takes time to connect with students and faculty during office hours by applying empathy, perspective taking and backward design when creating and revising online curriculum. It's been such a pleasure and dynamic learning experience collaborating with this special member of our community.
