		<p>we might need to think about, etc.</p> <ul style="list-style-type: none"> • 17.6 million District-wide deficit due to a decline of enrollment. • Bret reviewed the reorganization PPT slides in various organizations from phase II budget reductions and reorganization ppt. Asked for the feedback on whether the decisions were well made. • We had a few new positions (e.g., AVP of Student Services). How do we evaluate these new positions? • College had a guiding principle to minimize the layoffs during the phase II budget reductions and reorganization. • Finance division, was affected by the lack of Director of Facilities and FF&E Coordinator. But everyone felt like we were doing the best of what we could. 	<p>Director of Horticulture, 2) Dean of Apprenticeship, 3) Students Services should be under Exec VP or have separate VP of Student Services? Are those good decisions? 4) SFSC. These are good decisions? Or shall we undo them?</p> <ul style="list-style-type: none"> • Also, there is a budgetary consequence on our decisions. Reorg was the reflection of our budget reductions. • Thuy: Is it welcome to get feedback on assessment of reorganization? -- Comments were positive. It's essential for the healthy organization. • It's good that everyone is so mindful of not mentioning the names. • Plan is to bring the feedback on March 20 to the Advisory Council. • Three areas of changes: <ol style="list-style-type: none"> 1. The STEM division, now it includes PSME, Biology and Allied Health, what's that a good decision? If it's good to have a director of Allied Health? We can vote on it due to the feedback we received. 2. Should be invested on other ways, how to best situated the employees in the area? 	<p>before distribution. Then we can send.</p> <ul style="list-style-type: none"> • President will write a memo. • When we received the feedback on March 20th, what would you like to do as an Advisory Council? Would you like to report the feedback? • March 20 – Decide next steps. • Reorganization evaluation website will be available so that you can add your input. It's going to be anonymous. • When this is ready, we can send out and encourage everyone to provide feedback. This info will be added to the Parliament as well. • This topic is

			<p>3. Assessment of Vice President's roles. If we need to have separate VPs for Instruction and Student Services? We vote and President will re-evaluate it.</p> <ul style="list-style-type: none">• On the feedback form, do we have very specific questions to ask about? It's a huge task for faculty to look at the whole reorg.• Need a specific list of questions. Should we change the feedback form to a survey style? Ask questions such as "Are you happy about new position? Happy with New VP? Why you think so?"• When we invite comments, also ask for solutions.• Ask "How can we improve this"? - We want to reflect.• Need an updated organization chart.• Provide a summary of reorganization for context. List bullet points about what we did on reorganization and then give space to provide feedback.• Students were asked if any changes have affected them or not. 1. Leo: No one has complained about budget cut. Students didn't feel it. Other than tutoring hours	<p>super important. It does increase the transparency. So we will move the next two agenda items to the next meeting so that we can have the last 10 minutes to continue talking about this topic.</p>
