MISSION STATEMENT

Believing a well-educated population is essential to sustaining and enhancing a democratic society, Foothill College offers programs and services that empower students to achieve their goals as members of the workforce, as future students, and as global citizens. We work to obtain equity in achievement of student outcomes for all California student populations, and are guided by our core values of honesty, integrity, trust, openness, transparency, forgiveness, and sustainability. Foothill College offers associate degrees and certificates in multiple disciplines, and a baccalaureate degree in dental hygiene.

ACHIEVEMENT AWARDS

Dean’s Award recipients wear a gold cord and have achieved a cumulative grade-point average of 3.5–4.0 at Foothill College.

Honors Scholars have completed a minimum of seven honors courses or 23 units of rigorous courses through the Foothill College Honors Institute. See page 22.

RECEPTION
A complimentary reception for family and friends to honor graduates and meet faculty and staff will be hosted at the Smithwick Theatre patio following the entire ceremony. The reception is sponsored by the Associated Students of Foothill College.

PHOTOGRAPHY
A professional photographer will photograph graduates as they receive their awards. Each graduate may then purchase photos. Guests are welcome to take photos from their seats. Please be considerate of those around you so as not to interfere with the view of other guests.

Visit foothill.edu/graduation for photos & video from tonight’s ceremony.

ABOUT THIS PROGRAM
This program is dedicated to the Class of 2018-2019, as well as to the Foothill College faculty and staff who have fostered the success of today’s graduates. The college has made every effort to ensure that all information in this publication is accurate and that all persons deserving of recognition are acknowledged. We regret any inadvertent omission.

Foothill College does not discriminate against any person in the provisions of any program or service based on age, ancestry, color, disability, gender, gender identity, marital status, medical condition, national origin, race, religion, sexual orientation or veteran status.
Foothill College students can achieve anything that they want to when supported by others. After a few rough quarters, Matt Bodo wasn’t sure if he was fit for college. He now plans to transfer to UCLA to major in linguistics and psychology.

“I didn’t expect to attend college when I finished high school. I didn’t think that I would get my GED,” Bodo said. “One of the faculty at the Adult Education Center convinced me to go to Foothill, and I figured I would try.”

Bodo didn’t immediately succeed in college. His first quarter’s GPA was a 0.0. During his second year, he became homeless. This led him to discover the college’s support services. With the right resources, Bodo flourished and became an incredibly active student.

“I really didn’t think I could do it,” Bodo said. “But I didn’t want to give up.”

Bodo has been a part of Extended Opportunity Programs and Services (EOPS), the Associated Students of Foothill College (ASFC), and has spent countless hours working to support homeless community college students.

He still finds himself shocked at where he’s ended up. “I couldn’t have ever pictured myself in the position I’m in today, and I know that I’ve become the person I want to be,” he said.

Bodo hopes to inspire students experiencing homelessness to succeed. He thanks EOPS, ASFC and Foothill’s faculty and staff for the guidance and support that helped him so much.

Debbie Lee has been teaching math at Foothill College since 2007. She is also chair of the math and computer science departments, and a co-director of the Honors Institute. Under Lee’s co-leadership, the Honors Institute has sharpened its focus on inclusiveness and educational equity for all.

Lee was born and raised in San Francisco’s Chinatown. She is an active member of Foothill’s Asian Pacific American Network (APAN). As part of APAN, she has coordinated the Rites of Passage ceremony, organized talks on immigration stories, held book club discussions on topics including the model minority stereotype, self-hatred and assimilation and power structure.

A first-generation college student, Lee received her A.A. from City College of San Francisco before transferring to San Francisco State University where she received her B.A. in Liberal Studies and an M.A. in Mathematics. Prior to her tenure at Foothill, Lee taught K-8 for the San Francisco Unified School District.

Lee loves to teach and enjoys seeing the “ah-ha” moments on her students’ faces. Her proudest moments are watching students connect the lessons from her classes to events in their lives. In her free time, Lee enjoys spending time with her husband, a faculty member at another community college.

She congratulates all the graduates and wishes them the best of luck with their future endeavors.
THE BACHELOR’S DEGREE

Today marks Foothill’s second graduating class receiving a bachelor’s degree in dental hygiene. In 2015, Foothill was one of 15 California community colleges selected to offer a baccalaureate program. Through this pilot program, students acquire the necessary skills, knowledge and practice in their field for a fraction of the cost of a four-year university or college. Foothill’s dental hygiene program has received accolades from the California Community College Chancellor’s Office for the attainment of post-college outcomes in employment, earnings gains and regional living wages. Students may enter the job market immediately or choose to pursue a graduate degree upon completing board exams and licensing requirements.

THE ASSOCIATE DEGREE

Earning the associate degree represents more than an accumulation of units. It symbolizes the successful completion of established patterns of learning designed to develop capabilities and insights. Among these are the ability to think and communicate clearly; use mathematics; understand the modes of inquiry of major disciplines; be aware of other cultures, eras and places; gain insight into ethical problems; and develop self-understanding. In addition to all these, the student focuses on one field of knowledge in sufficient depth to contribute to lifetime interest. Additionally, the associate degree for transfer guarantees the student admission with junior standing to the California State University system.

ACADEMIC REGALIA

In the 12th and 13th centuries, when universities were under the jurisdiction of the church, students wore habits, or cloaks with hoods, which were designed to provide warmth in unheated buildings. The more colorful modern academic costume originated at England’s Oxford and Cambridge universities in the 1300s, and has been used continuously in the United States since colonial days.

The mortarboard represents no particular degree or school, except that the short, gold tassel is worn only by holders of the doctorate degree. The tassel may be worn on either side of the cap.

The gown itself is usually black for all holders of baccalaureate or higher degrees. Bachelor’s and master’s degrees styles differ little, but doctorate gowns are faced with velvet panels and velvet bars on the sleeves.

Only the hood itself shows by its length and colors the distinction among degrees, academic majors, and colleges or universities that conferred the degrees. The higher the degree, the longer the hood and the wider the velvet facing that outlines the hood. The color of the velvet facing denotes the academic area in which the degree was awarded. The colors of the satin lining in the hood are the colors of the school where the degree was awarded (e.g., Stanford University colors are cardinal and white; University of California, Berkeley, colors are blue and gold).

Field colors that symbolize academic areas of study are as follows:

- Arts, Letters & Humanities .................. White
- Business ............................................ Light Brown
- Dentistry ........................................... Lilac

ALMA MATER

Oh, Foothill we raise our voices in praise
For all of the joys we’ve known.
Your scarlet and black will welcome us back,
No matter how far we may roam.
By the bay and the blue of Pacific’s shore
Lies the campus we’ll love forever more.
Oh, college so fair, there’s none can compare
With you, alma mater we love.

Music and lyrics originally composed by Foothill College
Instructors Fred Warren and Melvin Applebaum.

THE STAR-SPANGLED BANNER

O say can you see by the dawn’s early light,
What so proudly we hailed at the twilight’s last gleaming,
Whose broad stripes and bright stars through the perilous fight,
O’er the ramparts we watched, were so gallantly streaming?
And the rockets’ red glare, the bombs bursting in air,
Gave proof through the night that our flag was still there;
O say does that star-spangled banner yet wave,
O’er the land of the free and the home of the brave.

A LEGACY OF INNOVATION

In 1957, founding Superintendent, Dr. Calvin C. Flint, surveyed the 122-acre site that would soon be transformed into one of the nation’s preeminent community colleges. He envisioned a campus that would foster innovation and academic excellence. As Foothill celebrates our 59th annual Commencement Ceremony, we renew our commitment to that legacy of innovation.

From our first graduating class of 37 students in 1960, Foothill has grown to serve approximately 14,000 day, evening, and online students each quarter. Foothill is a nationally-recognized leader in educational excellence and is ranked the #1 community college in California, according to Washington Monthly. The Chronicle of Higher Education rated Foothill College the #1 community college in California (#2 in the country) for graduation rates. This recognition is due to the exemplary work of our dedicated faculty and staff and the talents of the extraordinary students who graduate each year.

This year, we also celebrate the second cohort of students who will receive a Bachelor of Science degree in Dental Hygiene (Foothill College is one of 15 community colleges piloting baccalaureate degrees in the State of California).

Service leadership is Foothill College’s vision for educating students and preparing them to be leaders. Students participate in service leadership projects in and out of the classroom and, this summer, student groups will be working in six different countries. Many students also provide valuable service in local communities. Projects take place throughout the year and culminate in the annual Research & Service Leadership Symposium which had more than 250 students and dozens of faculty and staff participate this May.

Founded on the principle of educational opportunity for all, Foothill College has provided a quality education to students for more than six decades. The physical beauty, architectural integrity and hilltop location of Foothill College symbolize the distinction and innovation that are the essence of the college’s academic programs and services.
