Dear Colleagues,

It is hard to believe, but Dr. Cornel West visited us exactly one year ago. The twelve months since then have been consequential, to say the least. From the nationwide protests after the murders of George Floyd, Breonna Taylor, and Ahmaud Arbery, to COVID-19, a contentious election, and finally, a white supremacist assault on the Capitol Building, we will remember this period as a pivotal moment in history.

As we start the holiday weekend in honor of Dr. Martin Luther King Jr., his words on justice and morality spring to mind..."The time is always right to do what is right." Foothill College has committed itself to a thorough self assessment, to identifying the racism inherent in our own systems and processes, and to embracing change so we can properly serve our students of color. The Equity Strategic Plan is a blueprint for this change. Let's do what is right and have the courage to reinvent our college.
