

# The Parliament

FOOTHILL COLLEGE FACULTY & STAFF NEWSLETTER | WINTER QUARTER

**January 8, 2021**

Dear Colleagues,

The Parliament hopes that you and your loved ones had a relaxing and restorative winter break.

It is exciting to be serving our students again, but the events of Wednesday, Jan. 6, are a sobering reminder that our nation has much work to do as we look deep into our collective soul and decide what kind of country we want to be. Foothill College stands firmly on the side of social justice, equity, and opportunity for all. Thank you to all the instructors who have made space in their classes so students can talk about their feelings and to every staff member who has regular contact with students; our students have expressed their gratitude for your support and empathy.

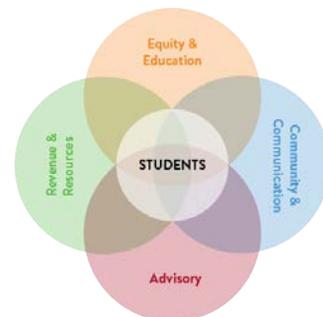

We have a packed Parliament today, so please take the time to catch up on everything taking place across campus and remember, the Parliament needs your stories! Please reach out if you want to promote an upcoming event or just want to share what you are up to.

Let us hope that the year only gets better from now on!

## **Governance**

The shared governance councils got back to work today. Please go to the [Governance home page](#) to keep up with all the scheduled meetings. You'll find meeting agendas, meeting minutes, and supporting documents as well.

The assessment of our shared governance process is under way as we speak. We should have a full report (prepared by the RP Group) by May. In addition, Foothill will host a Collegiality in Action training from the ASCCC and Community College League on Feb. 5. The representatives from the ASCCC and Community College League will lead the governance councils through an overview of state law, state regulations, and shared governance guidelines.

## **Guided Pathways Update**

The GP Team wishes you a happy and safe New Year! Thank you to all who have participated in recent events and are committed to helping make Foothill College a *Student Ready*, equitable institution.

**GUIDED  
PATHWAYS**

This quarter, our GP Leadership Team needs the entire campus community to join us for Mapping events, contribute to our teams (Onboarding, Communication, Data & Tech), and help us facilitate student success from connection, to entry, through progress, to completion.

In the meantime, we offer these valuable resources to help you better understand the framework of Guided Pathways:
