Adding NetTutor to a Canvas Course

1. Log in to Canvas.
2. Select a course for which you would like to add NetTutor.
3. When you arrive at the course homepage, navigate to the left panel and click Settings.
4. Select the Navigation tab.
5. Locate the link for NetTutor in the list of hidden items and drag it to the list of visible items.
6. Scroll down to the bottom of the page and click Save.
7. You should now have a link to NetTutor visible in the Course Navigation.
8. If you would like to see a student's view of the course page, navigate back to Settings and select Student View on the right.
