

Foothill College Accreditation 2011

Steering Committee Minutes April 19, 2010 2pm

Present:

Rosemary Arca, Mia Casey, Maureen Chenoweth, Dolores Davison, Darya Gilani, Kurt Hueg, Rosalinda Jen, Judi McAlpin, John Mummert, Ashley Oropeza (ASFC), Eloise Orrell, Daniel Peck, Matais Pouncil, Annette Stenger

Discussion:

1. Dolores gave an update from the Statewide Academic Senate, specifically on a resolution put forward to express discontent with the ACCJC's response to the Senate's letter describing that some colleges are being granted status even though they are not doing things that other colleges are being asked to do.
2. Eloise and Kurt will be attending the Academic Resource Workshop and will report back to the group.
3. For spring quarter, there are comprehensive templates available online for each standard. It is encouraged that each team further develop their template with more sources of evidence and questions to address in the self study.
4. It was suggested that we start doing weekly emails to the campus community to update members on key developments and dates to remember.
5. This Friday, during the working session, the templates will be introduced to all four Standard teams, and expectations and updates for spring will be discussed.
6. Greg Stoup has offered to give a presentation to the steering committee and standard teams on evidence and writing the self study.
7. In Fall we will have a broader outline for writing the study available to teams who are eager to begin writing, but the editing team needs to meet in Spring to develop the structure.
