

Possible Metrics

Existing data:

- Basic Skills Course Success Rates (ARCC Report)
- Improvement Rate for ESL and Credit Basic Skills Courses (ARCC Report)

Institutional data:

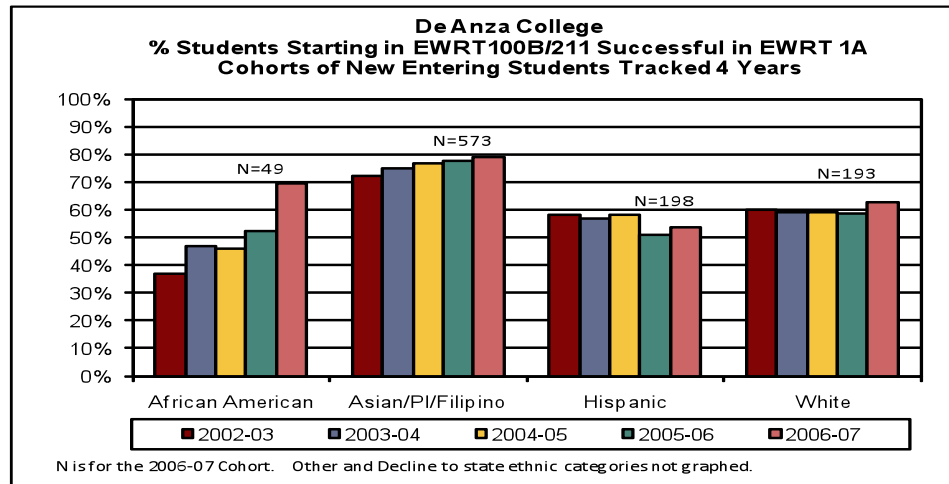

- Tracking by cohort groups (see examples below)

To consider:

- What data do we already have or need to access in order to:
 - Measure success rates from ALD STEP?
 - Measure success or persistence rates in Math?
 - Establish baseline rates for English IRW?

Examples

Example 1:
