RE: 2015 Educational Master Plan Update

---

Dear Colleague,

Foothill College is on schedule for updating our Educational Master Plan (EMP) and I would like to thank all of you who participated in the recent meetings with Dan Rosenberg and John Spevak from the Collaborative Brain Trust. Your ideas and suggestions for Foothill College in the next five to eight years do matter!

There are still opportunities to engage in our process and share your perspectives. You can access an online input form by clicking on the link below:

<http://irp.fhda.edu/cgi-bin/rws5.pl?FORM=EMPinput>

This form will be available through May 8 at 5pm. All feedback will be aggregated by institutional research and no individual names will be attributed.

Additionally, a webinar about the EMP will be conducted on Wednesday, May 6 at 7 pm via Zoom ([www.zoom.us](http://www.zoom.us)), a free conferencing service. The webinar information can be found below:

Meeting ID: 587 731 4542

<https://cccconfernow.zoom.us/j/5877314542>

All EMP documentation, including themes from the on-campus and off-campus community interviews, will be posted on the college's EMP web site:

<http://www.foothill.edu/president/parc/esmp.php>

Please read and reflect upon this information.

On Wednesday, May 13, PaRC will meet all day to review quantitative and qualitative data, discuss the needs of the college and the community for the next five to eight years, and create a draft of the EMP long-term overarching goals. The college community will have two weeks to comment and on June 10, PaRC will meet again to make appropriate revisions based on your input.

Thank you again for your involvement and please feel free to ask questions of [PaRC members](#) or email Dan ([drosenberg@reimagineschool.com](mailto:drosenberg@reimagineschool.com)) or John ([john.spevak@gmail.com](mailto:john.spevak@gmail.com)).
