

## Associate Degree for Transfer - Global Studies

Global Studies is an interdisciplinary program designed to increase knowledge and understanding of the processes of globalization and their impacts on societies, cultures, and environments around the world. The Global Studies program provides the student with knowledge of critical issues that affect their lives and community, as well as the affairs of other cultures, societies, and nations. An understanding of the world's social, political, economic, and natural systems and their increasing interdependence, along with an appreciation of the diversity of human culture, will supply the student with a strong background for working in a global economy, for living in a multicultural society, and for making intelligent decisions as global citizens.

The Global Studies Associate Degree for Transfer (ADT) is designed to prepare students to transfer to local California State Universities (CSUs). Students who complete the ADT will be ensured preferential transfer status to local CSUs for Global Studies majors and majors in the following related disciplines: Global Politics, International Relations, International Studies, International Relations and Comparative Government. Other majors that may accept this degree include: African American Studies, Anthropology, Behavioral Science, Chinese, Communication Studies, Creative Arts, History, Humanities, Interdisciplinary Studies B.A. with Global Studies Concentration, Linguistics, Philosophy, Political Science, Psychology, Social Work, Social Sciences B.A. Concentration in International Studies, Sociology, Spanish. (See a counselor for details.) The ADT degree requirements will fulfill the lower division major requirements at many local CSUs. Students are advised, however, to meet with a counselor to assess the course requirements for specific local CSUs and to validate which CSUs are considered local.

### Program Learning Outcomes

- Students will be able to identify, analyze, and offer potential solutions to major global challenges from multiple perspectives and worldviews
