Programs Strengths

- The Engineering Department has bold goals and has taken strides to achieve them.
 - Reducing presence gaps
 - Reducing achievement gaps
 - Offer a complete program so students can complete all required courses for transfer
 - Expanding our online offerings
 - Engr 37
 - Engr 35

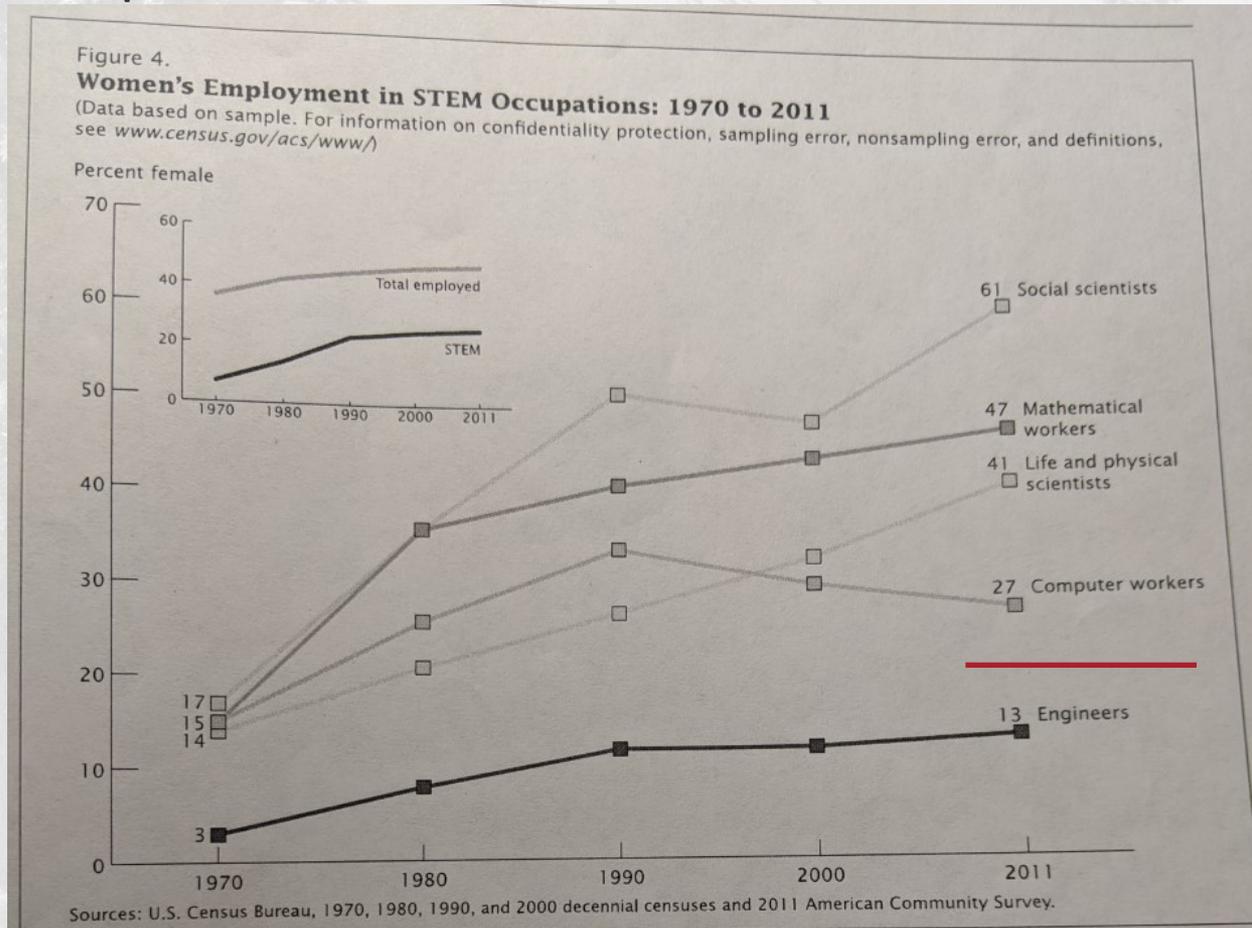

Programs' Actions for Improvement Identified

- Hiring engineering tutors for online and in person tutoring
- Including more teamwork and team-based assignments in our courses both in person and online
- Fostering a sense of community in our courses both in person and online

Program Data

- Engineering Workforce data is not great in diversity metrics, nationally. We are making improvements in presence.

Resources Needed

- Hiring engineering tutors for online and in person tutoring
- Including funds for more teamwork and team-based assignments in our courses both in person and online
- College support for growing equity-minded attitudes in the department
