

## DRAFT: Guidelines for Documentation of Hybrid Course Hours

*Developed by Committee on Online Learning (COOL)*

Hybrid courses are those scheduled with one or more **weekly** “hybrid” hours that are conducted via the Internet rather than in a face-to-face class session on campus. In the Schedule, these “hybrid” courses are designated with a “Y” at the end of the section number; Time/Days are listed as TBA, and Location is listed as ONLINE. Hybrid courses must have [separate DE approval](#) (*Course Outline of Record Course Approval Application for Online/Distance Learning Delivery*) from the division curriculum committee.

Faculty who teach “hybrid” courses need to document **weekly** student attendance/participation in “hybrid” hour activities. This documentation must be turned in to the Division office at the end of the Quarter.

Faculty teaching a hybrid course must submit the syllabus to the division office at the beginning of the Quarter. **The Syllabus must indicate:**

- The number of hours that are “hybrid” per **week**
- Whether the “hybrid” hour(s) is/are lecture, lab, or lecture-lab, as indicated in the [Course Outline of Record](#).
- Student attendance/participation during the “hybrid” hour(s) is mandatory
