External Opportunities

Path to Becoming a DO: Inside DMU Admissions

Fri, Sep 26
5:00 - 6:00 PM
Zoom

Thinking about osteopathic medicine? Join Des Moines University's admissions specialist Tessa Johnson to learn what it takes to be a strong applicant—from community college

Pathways in Health and Technology

Application Deadline: Mon, Sep 30

Interested in Health and Technology? Join this 8-session [program](#) where you will network and receive mentorship by local healthtech leaders, learn from career panels, explore technology showcases and develop your own clinical

to post-bacc pathways. You'll gain insight into the values of DO programs, tips to stand out, and how your background can align with DMU's mission. Perfect for future physicians looking for real answers and a clear path forward.

Register

Breaking Down Plastic Waste

Thur, Oct 2
7:00 PM

SLAC National Accelerator Laboratory

Discover how researchers at SLAC are using X-ray light and advanced chemistry to break down plastic waste into useful materials.

Learn about their mission to make future plastics recyclable and biodegradable by design, and how you can be part of the solution. This is a great chance to explore sustainability in science!

Register

Behind the Scenes at the Water Treatment Plant

Tue, Oct 7 | 1:00 - 2:15 PM
Wed, Oct 22 | 2:30 - 3:45 PM

Take a guided walking tour of the [Regional Water Quality Control Plant](#) and see how scientists, engineers, and operators work together 24/7 to keep our water clean. It's a unique peek into environmental science, sustainability, and real-world engineering in action.

project. (\$1,000 stipend included)

Apply

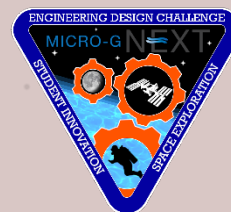

Discover Local Industry with Free Bay Area Manufacturer Tours

Mon, Oct 6 - Wed, Oct 8

Join [Manufacturing Week](#) for free tours of SF and South Bay manufacturers—from machine shops and food production to screenprinting and upholstery. Open to students 18+ and anyone curious about hands-on career pathways.

RSVP

NASA's Micro-g NExT Challenge

Application Deadline: Tue, Oct 28

Join [NASA's Micro-g](#) NExT challenge and help develop real tools for future space missions! You'll design, prototype, and test a device addressing a current NASA need—then direct professional divers as they test your creation in a simulated microgravity lab. This is a rare chance to gain hands-on engineering experience while contributing to actual space exploration.

Up

NASA SUITS Challenge

Application Deadline: Thur, Oct 30

Calling all innovators, coders, and space enthusiasts! NASA is looking for students to design software for next-gen spacesuit displays as part of the [SUITS Challenge](#)—supporting the Artemis mission to return to the Moon. Work in teams to develop cutting-edge interfaces using AI and edge computing that could help astronauts navigate lunar exploration. This is a rare chance to gain hands-on experience and collaborate with NASA on real-world design challenges!

Apply

Stanford Biosciences Grad Prep

Application Opens: Wed, Nov 19
Application Deadline: Fri, Jan 23, 2026

Join the [ADVANCE](#) Undergraduate Institute (AUI) for a 3-day (March 25th-28th, 2026) experience at Stanford focused on PhD pathways in the biosciences. You'll get grad school guidance, build a network of current PhD students, and gain ongoing access to AUI alumni. Perfect for students considering a future in research or advanced study.

Apply

Apply

Compete in Sierrathon and Showcase Your PCB Skills

Sat, Nov 22
9:00 AM - 5:00 PM
Sam Jose State University

Think you've got what it takes to master PCB design under pressure? [Sierrathon](#) is a fast-paced design competition where engineering students tackle real-world PCB challenges in a single day. Score points for accuracy, innovation, and efficiency—and win the title of Sierrathon Champion!
