Each Student-Athlete must read, complete, sign and submit this form to the Athletic Trainer. This Form must be received by the Athletic Training Department prior to participation in any intercollegiate sport activities.

Important Information

As you (or your son or daughter) prepares to participate in athletics at **Foothill-DeAnza Community College District** ("FHDA"), it is important that you understand the following information.

Injury Reporting Requirements

When an injury occurs, you must immediately inform the Athletic Training Department and the team Coach even if the injury may be minor at the time. The Athletic Trainer and Coach must obtain the details of the accident for the reporting required by FHDA, and will direct the student for medical evaluation or treatment.

Insurance Coverage for Accidental Injury-related Medical Expenses

FHDA is not responsible for medical related expenses that result in participation of an intercollegiate sport. However, FHDA carries an Accident/Injury Insurance Plan to assist in the payment of covered medical services that are medically necessary. The Accident/Injury Insurance Plan is "**Excess**" insurance coverage and pays secondary over any personal medical insurance coverage of the student/student athlete and/or parents/guardian. This plan will then consider the remaining eligible charges subject to its limitations only after the student's personal medical insurance has considered benefits. The Accident/Injury Insurance Plan will be herein referred to as the "**Excess Accident Medical Insurance Plan**". This plan contains limitations, including (but not limited to) the following:

- It is for Medically Necessary expenses as a result of an "accidental injury" only and does not cover sickness or illness.
 - The accidental injury must be a result of participation in events and activities that are authorized by, organized by and directly supervised by an official representative of FHDA.
 - Camps, clinics, pickup games, recreational and other events unrelated to intercollegiate sports are NOT covered.
- \$25,000 per injury is the maximum amount payable on an Excess basis
 - The first expense must be incurred within 90 days from the date of the covered injury
 - Additional benefits MAY be available for covered accident medical expenses that exceed \$25,000 per injury.
- There is a \$100 deductible per accidental injury
 - *This is the student-athlete's responsibility (not FHDA).*
- The Benefit Period (duration in which coverage is provided) is up to 52 weeks from the date of the accident causing the injury.
 - All medical treatment must be obtained during this time in order for benefits to be considered.
- If the student-athlete has NO PRIMARY personal medical insurance, medical services must be obtained by a participating network provider of the insurance company.
 - For students with Primary Medical insurance, certain services obtained by non-network providers may result in a reduction of benefits under the Accident/Injury Insurance Plan carried by FHDA.
 - *Coinurance differences are the student-athlete's responsibility (not FHDA).*
- There is no coverage for the cost of eyeglasses, contact lenses or examinations for either
- There is no coverage for the cost of dental treatment, except as specifically provided for Injuries to sound, natural teeth.
- Pre-existing conditions and/or genetic problems may not be covered by this insurance
- Additional limitations, exclusions and coverage conditions apply.

The Excess Accident Medical Insurance Plan carried by FHDA also provides additional benefits for Accidental Death and other Accidental Specific Losses that may occur as a result of an accident while on travel that is directly to or from play or practice of an intercollegiate sport, as a team or member of a group, which is sponsored and authorized by FHDA.

Further information about FHDA's Excess Accident Medical Insurance Plan can be provided upon request. Please contact the Athletic Training Department.

Excess / Secondary Insurance Claims Process:

Insurance information is necessary to expedite treatment and payment of all medical claims incurred from injuries from participation in intercollegiate sport activities. If the student-athlete has any other insurance coverage, this primary coverage must pay its normal benefit before **Foothill-DeAnza Community College District's ("FHDA")** Excess Accident Medical Insurance Plan will consider benefits on an secondary basis. It is the student-athlete's responsibility to file his/her own claim with his/her personal medical insurance company. If you are covered under a Health Maintenance Organization (HMO) or Preferred Provider Organization (PPO), you must follow the rules of your plan including using specific facilities when appropriate. FHDA's Excess Accident Medical Insurance Plan may reduce benefits or not pay for charges incurred by student athletes who do not follow the terms and conditions of their HMO or PPO primary insurance.

In order for FHDA's Excess Accident Insurance Plan to consider benefits and where medical referral is necessary for additional treatment, an insurance claim form must be completed. You must contact the Athletic Training Department to assist with the process. All claim submissions require the following:

- Completed Claim Form
 - The claim form must be completed in full and signed by the student and appropriate school official.
 - A separate claim form is required for each injury.
 - Please have the student sign and date the portion of the claim form indicating "Medical information authorization Assignment of benefits".
- Description of incident (if not provided elsewhere), Athletic Trainer notes, etc.
- Operative notes for any and all surgeries or visits
- Itemized Medical bills (industry standard forms referred to as HCFA1500 or UB92/UB04)
 - Attach itemized copies of all applicable bills, including those bills under any deductible your plan may have. Also, include those bills paid partially or in full by other insurance. Bills showing only "Balance forward" or "Balance due" are not sufficient.
 - An itemized bill indicates the provider of service's full name and mailing address, type of service, date of service, fee charged and diagnosis. Missing information will be requested from the medical service provider.
 - To assure quick processing, please be sure that the bill and the insurance statements submitted are for the same item.
- Explanation of Benefits (EOB) from the student athlete's primary insurance, if applicable
 - Include copies of the entire document (front and back when necessary).
 - If any or all benefits are denied by the primary insurance, a copy of the formal denial (showing the reason charges were denied) must be provided to us.

Generally, these items will be sufficient to complete a claim determination, but occasionally additional information will be required on a case-by-case basis.

FHDA reserves the right to void coverage should the student not report the injury in a timely manner or if the student elects medical treatment (except in the case of an emergency) that is not approved by the Athletic Training Department or Medical Staff. Together, the student-athlete's Personal Medical Insurance (Primary Insurance) and the **FHDA** Excess Accident Medical Insurance Plan are designed to cover the cost of medical coverage as a result of a accidental injury caused by/during participation in intercollegiate sports. However, certain processes must be followed, limitations apply, and gaps do exist.

Payment of balances, deductibles, copayments or other non-covered medical expenses are the responsibility of the Student-Athlete, Parent or Guardian.
