- ❖ **GE Subcommittee Membership:** Are you interested in being more involved with curriculum, but are short on hours? Serving on a GE subcommittee may be the perfect fit! We are in need of more volunteers to review GE applications. If you're interested or would like further information, please contact your CCC Reps, Isaac, or Mary. We'd love to have you!

- ❖ **CCC Topics for 2016-17:** Curious about what topics CCC will be discussing this academic year? The committee came up with a list, as well as prioritized items for this academic year. Feel free to connect with your CCC Reps for a copy of the planning document.

- ❖ **ADT Program Creation:** At the recent CCC meeting, clarification was provided regarding the process of creating a new ADT that we are not required, by the state, to create. For these ADTs, the program creation process is the same as our usual program creation process. In the past, since we were required to create certain ADTs, we expedited the program creation process specifically for those ADTs. For clarification or additional information, please contact Isaac or Andrew.

Reminders:

- ❖ **Local GE Applications:** Do you know of a course that may be a good fit for our local GE pattern? The general education application period is open! Please contact your CCC Reps for more information.
- ❖ **Proposed Course Requisites:** Remember that proposed course pre/co-requisites are shared at CCC. The purpose of doing so is for us all to be on the same page regarding how individual courses relate to our overall curriculum! Updates are shared with CCC on an ongoing basis.
