**FOOTHILL COLLEGE**  
**College Curriculum Committee**

**RT52C:**

- Change the course number for RT52C, Principles of Radiologic Technology III, to RT55B and change the course name to Principles of Radiologic Technology II.
- RT52C, Principles of Radiologic Technology III = **RT55B, Principles of Radiologic Technology II**
- Three objectives with corresponding course content were added. This content reflects updating curriculum from film-based imaging to digital imaging.
- Discipline updated
- Prerequisite updated to RT55A

Reason for the change for courses RT52A-C: As a result of several additions and deletions to these courses over the years, the flow and sequence of the curriculum would better serve our student learning outcomes if the current RT52B were moved to spring quarter and the current RT52C was moved to winter quarter to better sequence with RT52A. To avoid confusion with the numbering system, renumber the courses RT55A, B and C.

**DMS**

- Update the DMS Curriculum sheet to change PHYS 10 to PHYS 2A.
- The reason for the change is that PHYS is no longer offered.
