

Biological and Health Sciences Division Curriculum Meeting minutes from Dec 9, 2016.

Action Items:

1. VT54A: Addition of chemistry prerequisite to the Vet Tech A&P class. **Approved**
2. New course proposal: HORT52: Cannabis Production Course Proposal. **Approved**, with acknowledgement that laws may occur that prevent the offering of the course.
3. The BHS division asks that there be a bulk removal of the P/NP option on the ten Vet Tech classes that mistakenly have the option listed. **Approved**
4. Removal of the following courses from the catalog: Biology 27: Cooking the Earth; Biology 28: Introduction to Bioengineering; and Biology 23: Introduction to Biotechnology. **Approved**

Informational Items:

1. The term Non-credit will be added to the title EMT/EMS courses that are numbered above 400 to reduce confusion for students.
