- ACTG 76 – remove ACTG 1A pre-requisite

### **Discussion**

Emphasis on moving quickly to make Title V updates to necessary courses and introduce any new courses for Fall 2018 by the June 5 deadline, so to the BSSCC at one of the meetings in May.

Further discussion involving what to do with current Gerontology courses that need Title V updates. Ziegenhorn suggested deactivating the courses and reincarnating some as new courses in other departments.

Discussion about how a new counseling course on cultural communication would fit among existing similar courses in Anthropology, Sociology and Social Science (specifically ANTH 2A and SOSC 20).

Proposed updates to PSYC 1 approved, but course outline is still in Dean's Review. Will revisit PSYC 1 when it gets to Curriculum Rep stage in CMS.
